

Weekly Report

Lin Bingru

2018.11.19 – 2018.11.25

Practices

- Add separate timing steps for visual decision in the scatterplot perception project.
- Finish the first version of front-end part of the global telecommunication network project.
- Finish *CSS: The Definitive Guide*.

Future Work

- Continue working on the scatterplot perception project.
- Do data wrangling with ISTP data.
